

A 32x32 pixel grayscale image of a stylized, abstract figure. The figure is rendered in black pixels on a white background. It has a symmetrical, somewhat circular shape with internal details. The figure appears to be a stylized person or a symbol, possibly a logo or a character. The image is centered and occupies most of the frame. The axes are labeled from 0 to 30, with the origin (0,0) at the top-left corner.
